How would you like to go on an incredible journey with Amazing Minds after school where instructors will help sharpen your skills in math, science, geography and reading through fun, hands-on thematic based activities. Science will come alive through our exploration of rocks and minerals, flight, weather, health and safety, computers; explore math learning about money, geometry and shapes; grab your teacher's hand and travel to China, Ancient Egypt, Italy, Washington DC or Australia to name just a few! Skip to the head of the class in reading with our hands-on games involving the animal kingdom, ocean creatures and even the Preamble to the Constitution! (Topics change each session!) Build rock collections, excavate Ancient Egyptian tombs, or shop in a simulated grocery store. Dissect owl pellets, wear prism glasses, and make raisins bounce! Top it all off with exciting take home topic related projects and souvenirs. Come and exercise your brain with us after school!
